Sponsor a Student Performer!

\$350 per student

A key part of our mission is to provide arts programming (shows, classes, workshops, summer camps, etc.) that is excellent in quality but also equally accessible to all students in our area — even those who might never have been able to consider it before. By sponsoring a student performer you will give that child a chance to experience the arts perhaps for this first time and develop their own unique talents and abilities without financial stress. Students who receive one of our Young Performer Scholarships will get to choose from a free round of workshops/classes or a free summer camp experience, along with a complimentary season ticket to all of our shows.
